AIRFINANCE JOURNAL FLEETS

AIRFINANCE JOURNAL FLEETS

300,000+ event transactions

50,000+ aircraft recorded

40+ year's history

Fleets is the system to monitor aircraft fleets, analyse trends and discover new opportunities. Powered by data from Airfax's Aircraft availability tool, ATDB's data and AVITAS's BlueBook Values, Fleets is the affordable and user-friendly premium fleet data alternative.

The tool contains information regarding the owner/lessor of the aircraft, the lease end date, the current operator and operating history, the area of operation, MTOW, the aircraft type, model and serial number, the date of order, date of first delivery (from the manufacturer to the first operator), date of first flight, the modification data (freighter conversion), the engine manufacturer and model and the aircraft storage or written off details.

Fleets allows you to:

- Ⓐ Analyse archival aircraft data
Track airlines' and lessors' fleet progression and dynamics
- Ⓐ Compare the complete history, transactions and orders of all commercial aircraft
- Ⓐ View the full history and planned deliveries of individual new aircraft by MSN
- Ⓐ Discover aircraft in storage or that have been scrapped
- Ⓐ Export your filtered data for customised analysis and assessments on Excel

AIRFINANCE JOURNAL FINANCIAL RATINGS

AIRFINANCE JOURNAL FINANCIAL RATINGS

140+ airline's financial ratings

Covers up to 10 years - a full industry cycle

Single quantitative score for each airline

The Airline Analyst Financial Ratings offers a powerful insight to the absolute and relative strength or weakness of any given airline, based on a single quantitative score for each airline and founded on average fleet age and four key financial ratios. Unlike public ratings they are founded on completely transparent methodology.

The Airline Analyst Financial Ratings covers over 140 airlines, based on data from The Airline Analyst.

Financial Ratings allows you to:

- ① Conduct comparative analysis of ratings for a large airline population
- ① Ascertain the ratings trend for individual airlines
- ① Benchmark or sense-check existing ratings that you have
- ① Assist in understanding public credit ratings for individual airlines
- ① Help predict the impact of operating performance and corporate finance decisions on credit ratings
- ① Assess the financial health of the airline industry as a whole
